Import Control System		
<p>From the 1st January 2011 all EU Customs authorities required the submission of import shipment (consignment) data prior to, in our case, freight arrival in the United Kingdom. Airlines at various origin points around the World have announced charges for the submission of the mandatory data sets directly to the Import Control System. Where an airline applies a charge, this will need to be included in our standard charges to the importer.</p>
